## REPORT TO THE PRESIDENT

The PRESIDENT,  
*The White House.*

SIR: This is a report on the Amendment to Section 2 (a) of Article IV of the Code of Fair Competition for the Electric and Neon Sign Industry, submitted by the Temporary Code Authority of this Industry in accordance with the provisions of Article VI of said Code, approved August 24, 1934.

### GENERAL STATEMENT

This Amendment is submitted by the Temporary Code Authority of the Industry in order that the Code may conform to the best policies governing labor in the Industry.

### FINDINGS

The Deputy Administrator in his final report to the National Industrial Recovery Board on said Amendment to said Code, having found as herein set forth, and on the basis of all the proceedings in this matter:

Said Board finds that:

(a) Said Amendment to said Code and the Code as amended are well designed to promote the policies and purposes of Title I of the National Industrial Recovery Act, including removal of obstructions to the free flow of interstate and foreign commerce which tend to diminish the amount thereof and will provide for the general welfare by promoting the organization of industry for the purposes of cooperative action among the trade groups, by inducing and maintaining united action of labor and management under adequate governmental sanctions and supervision, by eliminating unfair competitive practices, by promoting the fullest possible utilization of the present productive capacity of industries, by avoiding undue restriction of production (except as may be temporarily required), by increasing the consumption of industrial and agricultural products through increasing purchasing power, by reducing and relieving unemployment, by improving standards of labor, and by otherwise rehabilitating industry.

(b) The Code as amended complies in all respects with the pertinent provisions of said Title of said Act, including without limitation Subsection (a) of Section 3, Subsection (a) of Section 7, and Subsection (b) of Section 10 thereof.

(c) The Amendment and the Code as amended are not designed to and will not permit monopolies or monopolistic practices.

(d) The Amendment and the Code as amended are not designed to and will not eliminate or oppress small enterprises and will not operate to discriminate against them.

(e) Those engaged in other steps of the economic process have not been deprived of the right to be heard prior to approval of said Amendment.

For these reasons, therefore, said Board has approved this Amendment, such approval and such Amendment to take effect in fifteen (15) days, unless good cause to the contrary is shown to it before that time and it issues a subsequent Order to that effect.

For the National Industrial Recovery Board:

W. A. HARRIMAN,  
*Administrative Officer.*

NOVEMBER 24, 1934.
